Installation

Insert the CD-ROM in your CD-ROM/DVD drive.

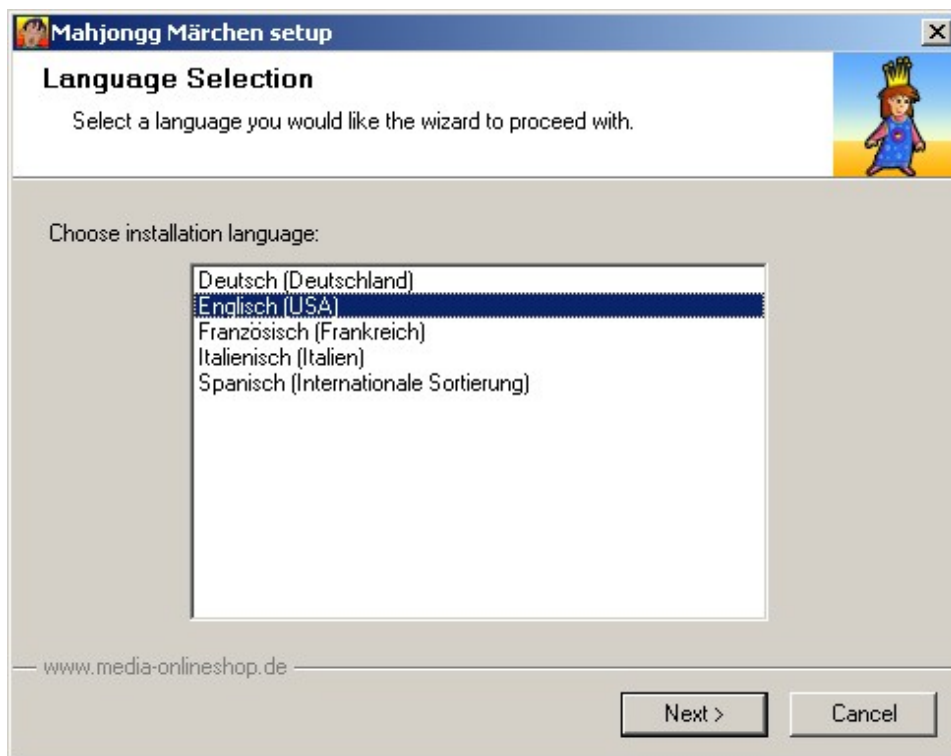

Open **My computer** and double-click the icon of the CD-ROM/DVD drive you inserted the media into.

Now open the folder **Installation** and start the program **setup.exe** by double-clicking on the following icon:

setup.exe

The installation wizard will now welcome you.

Select one of the displayed languages and follow the on-screen instructions.

Click on the “Next” button to move forward to the next screen. Click on the “Cancel” button to abort the installation.

As soon as the installation is complete you may start the game.

Starting the game

Start the game by clicking on its icon on your desktop.

Alternatively, you may click on the icon installed in your Windows START menu (e.g. Start/Program Files/Games/Mahjongg).

Uninstalling the game

Choose the menu item “Uninstall Mahjongg” from the game’s folder in your Windows START menu (e.g. Start/Program Files/Games/Mahjongg).
